we grow old because we stop playing.”*

— George Bernard Shaw

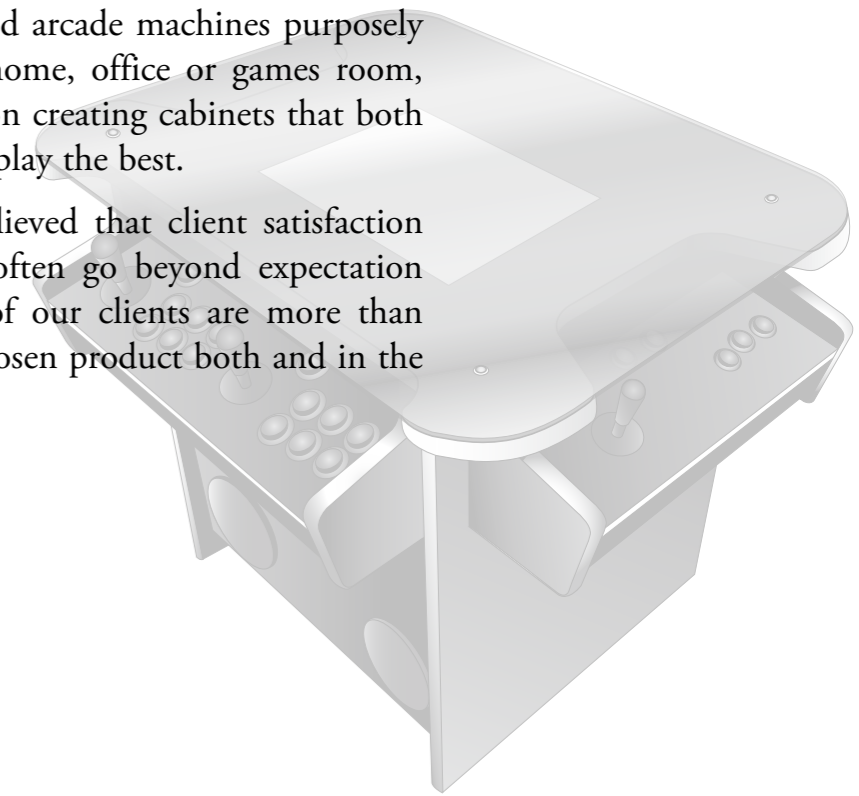

The Pinnacle Of Arcades

Introducing the Synergy, Apex and Evo...

Bespoke Arcades is proud to offer an exclusive collection of the finest custom-built arcade machines. All of our cabinets are considered the height of style and include a great selection of classic arcade games that will really be enjoyed for many years to come.

We are the home of the Apex, Synergy and Evo cabinets which have received many great plaudits in the UK media. Firmly established as the finest producer of high-end arcade machines purposely designed for your home, office or games room, we pride ourselves on creating cabinets that both genuinely look and play the best.

We have always believed that client satisfaction is paramount and often go beyond expectation to ensure that all of our clients are more than happy with their chosen product both and in the future.

Many A Plaudit Graciously Received

Our arcade machines have featured widely across the media in the UK - having appeared on the BBC, ITV, Sky and Channel 5; been independently chosen as the best buy product in its category by the Gadget Show; selected as the UK's No 1 arcade cabinets by T3 magazine; voted in the Top Ten Best Gaming products by Stuff Magazine; featured in numerous magazines and newspapers including Men's Health, FHM, Maxim, the Daily Mail and the Sunday Times.

Multimedia Or Simply Play?

Three Versions from which you can choose..

All of our arcade machines are designed to be very simple to use and come in 3 different versions. The Play series are for those of you who simply wish to play the classic arcade games in style.

The Media series play the games but are also packed with extra benefits which includes full game loading, a dual core PC running Windows 7, Jukebox features, USB ports, DVD-RW, WiFi Card and much more.

The Elite series are for those of you who will only settle for the best of the best. With an amazing i5 PC with GTX graphics, Bose Speakers, Blu Ray Drive, HDMI out and all the cool features of the other two series.

The Iconic Synergy

The rise to acclaim of the Synergy arcade cabinet has meant that finally a cocktail arcade cabinet is available in the UK that looks as good as it plays. With its beautiful curves and fine design, the Synergy looks ideal in any setting whether at home, in the office or as a great addition to the games room.

The Synergy arcade machine is by far and away the best regarded sit-down arcade cabinet available in the UK and has a large 20" Hi-Definition TFT screen giving you superb quality gaming in the finest of style.

Whilst the appearance of the Synergy is great, it's also very easy to use - loading directly into the game selection menu making everything as simple as possible. All of you who have the privilege of owning the Synergy can enjoy the pleasure of reliving your favourite arcade games in the way that you remember all on one beautiful arcade cabinet.

The Synergy is the only tabletop arcade cabinet available to feature both vertical and horizontal 2pl controls giving you the chance to beat all of your friends, time and time again. Ergonomically designed, the Synergy plays like a dream and guarantees many years of enjoyment - now it's simply up to you to choose between joining forces to defeat the eternal foe and taking each other on in combat to the death!

Height: 690mm Width: 900mm Depth: 680mm Weight: 65kg

The Undefeated Apex

The Apex arcade machine is by far and away the best regarded stand-up arcade cabinet available, allowing superb quality gaming in the finest of style. With its sleek, cool looks and fine design, the Apex looks ideal in any setting - whether at home, in the office or as a great addition to the games room.

Providing the pinnacle in arcade gaming, the Apex plays like a dream and guarantees many years of enjoyment. Whilst the appearance of the Apex is great, it's also very easy to use - loading directly into the game menu making everything as simple as possible. All of those who have the privilege of owning the Apex can enjoy the pleasure of reliving your favourite arcade games in the way that you remember all on one beautiful arcade cabinet.

The Apex has a large 20" screen and is a slender, compact arcade cabinet measuring only 56cm wide and 65cm deep so will never be obtrusive. The large 2-player control panel has been purposefully designed to be at the most comfortable angle and position for true arcade gamers allowing the greatest playability currently available in any home arcade cabinet. Now, it's simply up to you to choose between joining forces to defeat the eternal foe and taking each other on in combat to the death!

Height: 1650mm Width: 560mm Depth: 640mm Weight: 75kg

2010 - The Year Of The Evo

Welcome to the advent of a new dawn in arcade gaming. The Evo arcade cabinet is the first home arcade machine to combine the wonderful memories of all your favourite arcade classics with the power and grit of next generation game play. For the first time ever, clients will be able to connect their PS3 console to their Evo system and play all next generation coin-op titles via the screen and joystick/buttons.

Now widely considered the king of all home arcade cabinets, the Evo looks the part in any setting whether at home, in the office or as a great addition to the games room. Whilst the Evo looks great, it's also very easy to use - loading directly into the game selection menu with a one pushbutton on/off switch making everything as simple as possible. Even the PS3 compatibility is literally a case of attaching 3 wires, pressing a switch to the correct mode, assigning the buttons in the game as you prefer and you are away.

The Evo benefits from a huge 28" widescreen Hi Definition (over 1080p) TFT monitor with all high end branded components giving you superb quality gaming, and overall, the real pinnacle in home arcade machines. The large 2-player control panel has been purposefully set to be at the most comfortable angle and position for true arcade gamers allowing the greatest playability currently available in any home arcade cabinet.

Height: 1740mm Width: 680mm Depth: 790mm Weight: 90kg

Further Information...

Each order is individually made by our team of dedicated specialists who finish, assemble and test each product by hand to ensure that you will receive the highest quality, most enjoyable arcade experience possible. Only the finest parts are used in every product – with best-in industry controls and only highly esteemed components and peripherals you can rest assured that the heart of the product is as high quality as the finish.

To allow you to relax, safe in the knowledge that you've made the right choice of arcade cabinet, there is an excellent 12 month warranty service in the unlikely event that something should go wrong and someone is always on hand to answer any questions should they arise. All arcade machines are plug-and-play with full instructions and access to the helpline number for any questions or queries regarding the cabinets. Every cabinet is manufactured to order with lead-times approximately 2-3 weeks from receipt of order.
